About Us

Passionate, efficient, committed, high-performing - we are geared towards outcomes and solutions.

With deep understanding and strong capability, we help realize Human Resource requirements in the uncertain and fluid world.

Mitali is an alumna of IMT, Ghaziabad with a Management degree in Human Resources.

She brings more than five years of experience in human capital management. She specializes in hiring across sectors and verticals and have collaborated with multiple clients to hire their teams from scratch. She has successfully executed executive and leadership level searches along with mid-to-senior level roles and has experience with corporates like D. E. Shaw and Larsen & Toubro as well as recruitment consultancy like Silverpeople.

Mitali believes in establishing a long term connection with the organizations as well as candidates. Her understanding of the ever-evolving recruitment landscape combined with her ability to connect with organizations as well as candidates has played a great role in multiple successful placements throughout her career.
